

Wedding Caricatures *by Judy*

Q&A

The most often heard questions and need to know information about my live caricature services at weddings and other formal events, and my related caricature commission products (including packages).

Q: Where can I see your work?

A: Facebook at <http://www.facebook.com/JTArtandDesign> has the most samples. Or visit my website if you haven't, at jt-artanddesign.com/caricatures. Samples are also seen with my other online listings...Or I can email you some samples!

Q: What are your fees?

A: \$225-two hour minimum / \$350: three hours / \$460*: four hours / \$585*: five hours
** includes \$15 off each hour over three, all inclusive, but travel beyond 29 miles adds an additional fee to total, incremental based on distance. I do NOT charge per picture.*

Q: Do you charge for travel?

A: Incrementally, past 29 miles from my location, based on how far out, between \$5 and \$30 added on to total price within CT. \$30-\$65 in border state areas within 130 miles and up to \$85 if over 130 miles (generally traveling no more than 2.5 hours for 3 hour minimum gig, or 3 hours for 4 or 5 hour gig, and depending on time of night, may incur modest hotel one night fee as well).

Q: How many can you do in an hour?

A: FOR BW HEADSHOT: I prefer to estimate per person: 4-5 minutes per person (depending on how much/style of hair, facial hair, shading or not for example). NO shading on low end, just hair middle, some other shading toward higher end. Couples are few minutes more and COLOR is as well.

Q: Are they in color?

A: They can be, but most brides in particular have been choosing BW headshots in the essence of time.

Q: Is there a price difference for color?

A: NO, no difference which you choose price-wise, just slight difference in speed drawn.

Q: Do you take credit card or PayPal?

A: A: Yes, I take both, and personal checks**! There is a small convenience fee (3-4%) included with each CC or PayPal transaction, so you can pay the deposit and I will calculate fee for deposit amount only, in which case

cash or check balance is accepted for balance day of. Or you can pay with credit or PayPal in full. I also draft a booking agreement (contract) and email that to you for signed approval (to be returned with the deposit if you opt to pay that deposit with check or money order, or returned alone if paid with credit card), for confirmation and my records.

*** must be issued to Judy Tourangeau only*

Q: Should I book you directly or utilizing an online bidding site (ie. The Bash or Gig Salad)?

A: I book lots of gigs directly, several hundred since 2010 at least, and can do so with a check, Paypal or credit card deposit (small convenience for the latter two built into price) or for automation, and an easy way to submit a follow-up review, you can book through on of the above sites. However in the first two cases, with me direct and The Bash, I draft my own booking agreement and determine deposit amounts and timing (deposit always due ahead of time, balance payable day of wedding in cash or check only), whereas Gig Salad asks for payment in full upfront, but you need not worry about paying me that day, as they pay me directly online. Both agencies charge me a small fee which I sometimes build into my price, as there is a membership I pay yearly for this marketing help, exposure and convenience.

Q: Should I provide a dinner?

A: At this time, I only ask for a meal provision and include it in contract for any 4+ hour dinner/formal events.

Q: Do you have any packages available?

A: On the other side of this sheet are the most common to date, featuring 10% off the a la carte total of a live caricature booking + one or more add-ons*. Prices on reverse side are for minimum recommended time-frames for weddings. There may be additional add-ons/favors available featuring a custom caricature (tent cards, candy bar wrappers for bars, banner etc), but must be able to be prepared/stored at my studio/easily delivered to you (or I can provide appropriate digital art and you can order directly, but this would not be then considered part of a package).

— see other side for PACKAGE info —

POPULAR PACKAGES/PRICING AVAILABLE*

Actual client sign-in board sample

Actual client commemorative drawing paper sample

* Packages are offered for 3+ hour weddings because of drawing mostly couples and time. Prices also do not include any additional travel fee (over 29 miles one way from base, increasing incrementally as distance increases, but generally no more than \$25 additional total at furthest eastern border of CT, unless travelling from one gig in one corner of state to the opposite which may incur a bit higher travel fee). Package prices for 4 or 5 hour weddings upon request.

** Prices above include couple, up a few props, simple background and title if desired. Additional subjects such as people and pets will impact the price.

Above Left: Actual wedding guests display their drawing. Above Right: BW sample of couple drawn at dinner indicates the style and quality received at a typical event.
