

# Wedding Caricatures *by Judy*

## Q&A

The most often heard questions and need to know information about my live caricature services at weddings and other formal events, and my related caricature commission products (including packages).

### Q: Where can I see your work?

A: Facebook at <http://www.facebook.com/JTArtandDesign> has the most samples. Or visit my website if you haven't, at [jt-artanddesign.com/caricatures](http://jt-artanddesign.com/caricatures). Samples are also seen with my other online listings or emailed!

### Q: What are your fees?

A: \$240-two hour minimum / \$360: three hours / \$480\*: four hours / \$600\*: five hours  
*\* but travel beyond 24 miles adds an additional fee to total, incremental based on distance. I do NOT charge per picture.*

### Q: Do you charge for travel?

A: Incrementally, past 24 miles from my location, based on how far out, generally between \$5 and \$30 added on to total price within CT, \$30-\$65 in border state areas within 130 miles and up to \$85 if over 130 miles added to total (*generally traveling no more than 2.5 hours for 3 hour minimum gig, or 3 hours for 4 or 5 hour gig, and depending on time of night, may incur modest hotel one night fee as well*).

### Q: How many can you do in an hour?

A: FOR BW HEADSHOT: I prefer to estimate per person: 4-5 minutes per person (depending on how much/style of hair, facial hair, shading or not for example). NO shading on low end, just hair middle, some other shading toward higher end. Couples are few minutes more and COLOR is as well.

### Q: Are they in color?

A: They can be, but most brides in particular have been choosing BW headshots in the essence of time.

### Q: Is there a price difference for color?

A: NO, no difference which you choose price-wise, just slight difference in speed drawn.

### Q: Do you take credit card or PayPal?

A: A: Yes, I take both, and personal or cashiers checks\*! Or you can pay with credit\*\* or PayPal\*\* in full. I also draft a booking agreement (contract) and email that to you for signed approval (to be returned with the deposit if you opt to pay that deposit with check or money order, or returned alone if paid with PP/credit card),

for confirmation and my records. There is a small convenience fee (3-4%) included with each CC or PayPal transaction, so you can alternatively pay the deposit and I will calculate fee for deposit amount only, in which case cash or check balance is accepted for balance day of.

*\* must be issued to Judy Tourangeau only*

*\*\* only if I can run from studio; last time there was a signature required issue, so Paypal may be best*

### Q: Should I book you directly or utilizing an online bidding site (ie. The Bash or Gig Salad)?

A: I book lots of gigs directly, several hundred since 2010 and can do so as mentioned in payment question, or for online convenience, and an easy way to submit a follow-up review, you can book through on of the above mentioned sites. However in the first two cases, direct or The Bash, I draft my own booking agreement with deposit, balance, details and terms, and email, whereas Gig Salad asks for payment in full upfront, but booking with them serves as a contract of sorts, and they pay me directly online. Both agencies charge me a small fee which I sometimes build into my price, and or a vendor membership fee I pay yearly, for this marketing help, exposure and convenience.

### Q: Should I provide a dinner?

A: At this time, I only ask for a meal provision and include it in contract for any 4+ hour dinner/formal events, but won't refuse a quick bite for 3 hours if offered, and during usual dinner hour.

### Q: Do you have any packages available?

A: On the other side of this sheet are the most common to date, and are 10% off the total of individual prices for a live caricature booking + one or more add-ons\*. Prices on reverse side are for minimum recommended timeframes for weddings. There may be additional add-ons/favors available featuring a custom caricature (tent cards, candy bar wrappers for bars, banner etc), but must be able to be prepared/stored at my studio/easily delivered to you (*or I can provide appropriate digital art and you can order directly, but this would not be then considered part of a package*).
