

Wedding Caricatures by Judy

Q&A

The most often heard questions and need to know information about my live caricature services at weddings and other formal events, and my packages featuring related caricature commission products

Q: Where can I see your work?

A: Facebook at <http://www.facebook.com/JTArtandDesign> has the most samples. Or visit my website if you haven't, at jt-artanddesign.com/caricatures. Samples are also seen on other online listings or can be emailed!

Q: What are your fees?

A: \$250 - two hours (minimum) / \$375 - three hours / \$500 - four hours / \$625 - five hours.
I do NOT charge per picture.

Q: Do you charge for travel?

A: Incrementally, past 24 miles from my location, based on how far out, between than \$10 - \$50 is added on to total price within CT, \$50 - \$90 in border state areas up to 125 miles so on (*generally traveling no more than 2.5 hours one way but including a modest hotel fee if further*).

Q: How many can you do in an hour?

A: FOR BW HEADSHOT: I prefer to estimate per person: average 4+ minutes per person; couple x2, and varies depending on how much/style of hair, facial hair, shading or not for example, most BW lately eliminate shading except for dark hair).

Q: What if I want more than one artist?

A: I routinely subcontract additional from a pool of preferred and trusted people. I try and secure those more on the same page when able, but be aware there will always be style and look differences. If a look more similar to mine is desired, I will send samples of others with different styles from which you can choose. Price would likely be about double, but may vary depending on distance said artist travels.

Q: Are they in color?

A: They can be; you can decide, or let guests decide, but most brides have been choosing BW headshots in the essence of time. COLOR is an average 1-2 minutes extra per individual.

Q: Is there a price difference for color?

A: NO, there is no difference in fee

Q: Do you take credit card, PayPal or other cash apps?

A: A: Though I have mostly received personal checks or money orders for deposits, AND cash or check/cash for balance, you can send deposit only via PayPal, or I can invoice you via PayPal or Square for CC payments. There will be a small convenience fee (3-4%) added on for each CC transaction, so I will calculate fee for deposit amount only, unless you opt to pay in full. I do not accept Zelle or Cash app, and Venmo only for tips. A booking agreement is emailed for signed approval (to be returned with the deposit if paying check or money order, or can be returned separately but at the same time if paid with CC), for confirmation and my records.

Checks must be issued to Judy Tourangeau only.

Q: Should I book you directly or utilize an online bidding site (ie. The Bash or Gig Salad)?

A: I book lots of gigs directly, several hundred since 2010 and can be booked directly as explained above, or for online reservation and deposit payment convenience, and ease in review submission, you can book through on of the above mentioned sites. However in the first two cases, direct or The Bash, I still draft my own booking agreement with deposit, balance, details and terms, and email, whereas Gig Salad expects payment in full upfront, but booking with them automatically generates a contract of sorts, and they pay me directly. Both agencies charge me a small fee which I sometimes build into my price, and or a vendor membership fee I pay yearly, for this marketing help, exposure and convenience.

Q: Should I provide a dinner?

A: A: At this time, I only ask for a meal provision and include it in my agreement for any 3+ hour dinner/formal events, if hired during a typical dinner hour (ie. Noon/1- 2/3pm, 5-8pm/6-9pm VS. 8-10pm/7-11pm). In any case, I eat the meal quickly and or work between courses.

Q: Do you have any packages available?
